Testimonials

The college placement cell is truly exceptional! Their dedication and commitment to securing promising job opportunities for students are commendable. From organizing informative workshops to arranging campus recruitment drives, they leave no stone unturned in ensuring students' successful transition into the professional world. The team assists with queries extremely well and does a very well job.

Applying for an internship takes a number of factors to determine and then one goes for it. For me, one of those factors was 'The Right Time'. 2-3 days after applying, I sat for my Interview. The very next day I got added to the Graphic Designing Team Group of the company. The procedure was smooth and swift.
